PROFESSIONAL SERVICES

# GPS

# OIL & GAS SERVICES

GPS provide variable types of services between Rig inspection services to includes Rig acceptance survey and Full Rig Inspection to drops and EX also drilling services...

## 1- RIG ACCEPTANCE TESTING AND CONDITION SURVEY

Offshore & Onshore Rigs

This inspection cover in-depth survey of the state of maintenance of the rig.

It includes an inspection of all safety critical elements of the installation and all equipment that could be anticipated to cause operational downtime when a mechanical failure of that equipment occurs.

The scope of Inspection include:

- DRILLING EQUIPMENT
- WELL CONTROL EQUIPMENT
- ELECTRICAL EQUIPMENT
- BARGE EQUIPMENT
- ENGINE-ROOM EQUIPMENT
- SAFETY INSPECTION

Our detailed independent Rig Acceptance Surveys assess a rig's condition and capability to meet your contract specification and operate within the envelope of your performance criteria.

Applying the same parameters as used in our Rig Condition Surveys, then augmenting them with specific operational testing and integrity verification, we ensure the rig, its equipment (or certain defined equipment) and systems comply to all current and applicable International industry standards.
