5-DROPPED OBJECT SURVEYS

Reducing Risk

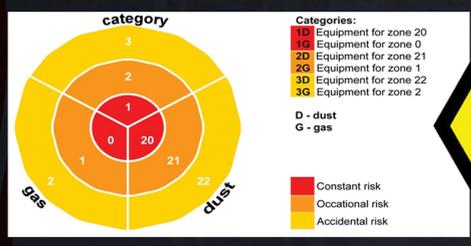

GPS is a leading provider of Dropped Object Surveys and associated support services to the Energy Industry and has been since, and before the Drops initiative was first launched.

Our customers Include drilling contractors and operators, Worldwide. Our core business activities involve drilling structures this means that every element of what we Design, build and install has dropped objects considerations from design to installation by our off shore Construction personnel.

Therefore consideration for the avoidance of dropped objects is intertwined In almost all of our business activities.

6-EXPLOSION PROOF INSPECTION

Inspection & maintenance of electrical installations within hazardous areas only, where the hazard may be caused by flammable gases, vapours, mists, dusts, fibres or flyings.

- Movable Equipment | Movable electrical equipment
- Movable Equipment & its connections
